Foreword

We, the Seniors of N.H.S. hereby dedicate this thirty-second Newcosean to our parents. With the goal of graduation attained, we pause to pay tribute to our guiding light—Mom and Dad. With your help and encouragement we have been able to tell this story of our Senior year at Newcomerstown High School. So, proudly, we dedicate this Newcosean to you and say. . . . . .

NHS '55 NHS '55 NHS '55

Hail to you,
From your sons and daughters

From afar it gleams

Alma Mater

Through the halls of our dear high school
Many times we pass,
But the happy days we spend there
All must end at last.

Always we will love and serve thee,
Hail from all the rest;
Here's a toast to you, our high school,
Our Dear N.H.S.

Chorus:
Hail to thee, our Alma Mater,
N.H.S. we praise,
Hail the Orange and Black forever,
Alma Mater days.

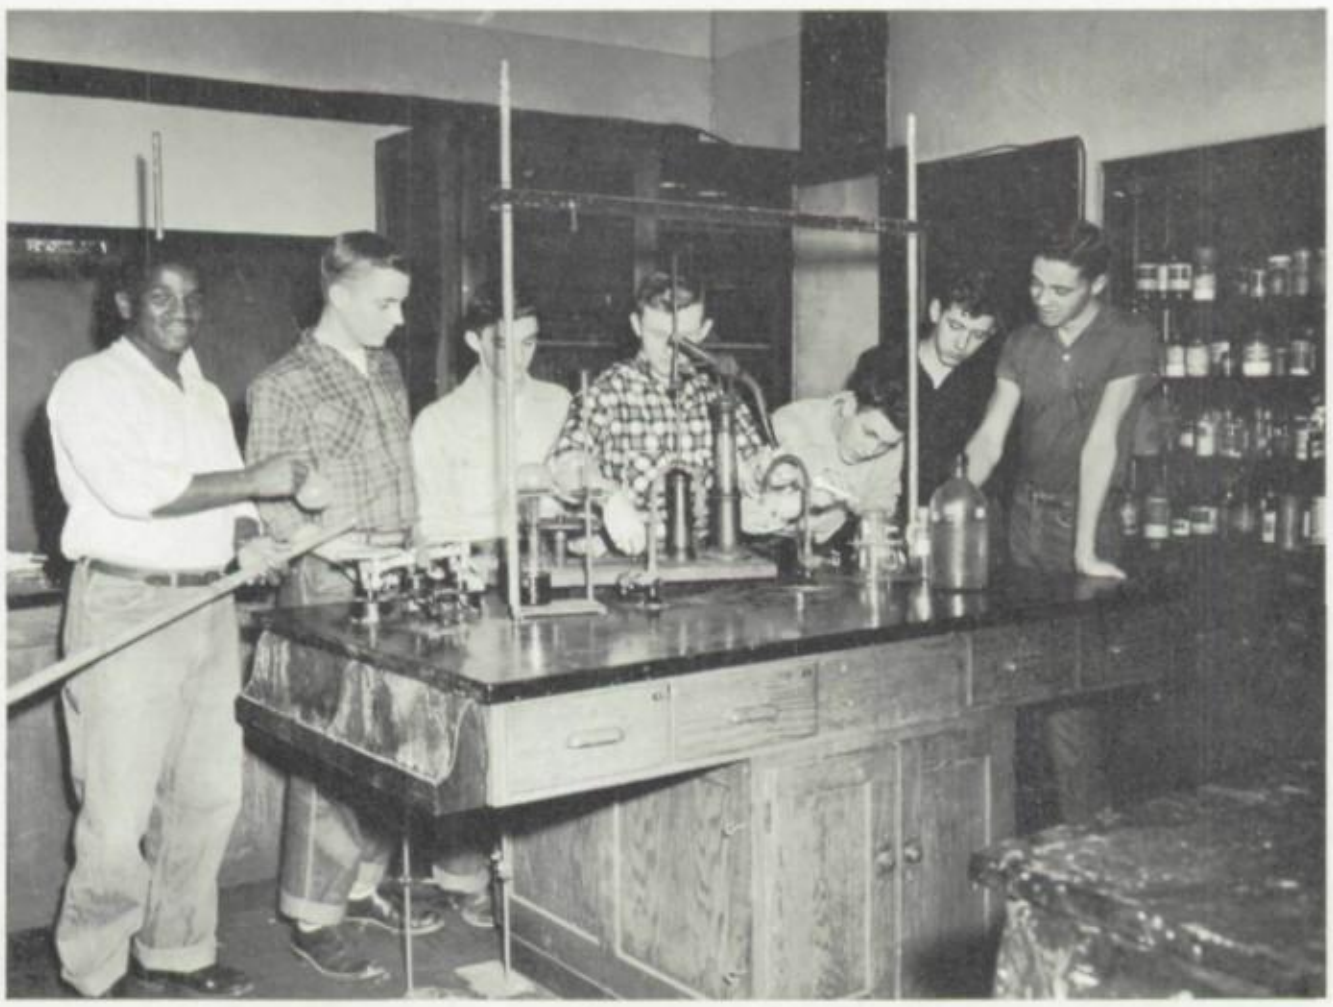
as we enter into the cherished halls

Caught in a jam

Rushing to class

Up and Down

Sweating over our studies



through their administration

Our superintendent, D. B. Roeder, is one of our pilot lights of our twelve years in Trojanland. He saw us plod from grade to grade and finally emerge the mighty seniors of 1955. To him we owe a debt of gratitude for his patient ways and firm administration to give us a better way of life. Through the years, we will remember him as "one of us."

The Wheels of NHS run smoothly

Playing Santa Claus and enjoying life in general, as well as taking care of administrative matters of NHS is the task of Herbert S. Gary. He is never too busy to discuss the problems of students and teachers with them. He graduated from Ohio State University with degrees of Bachelor of Science and Master of Arts.

To Enrich our lives

Board of Education

Sitting: Mr. Frank Powell, Mr. John Atkinson, Mr. Earl Titus. **Standing:** Dr. C. A. Hanson, Mr. John Heller.

A wealth of knowledge

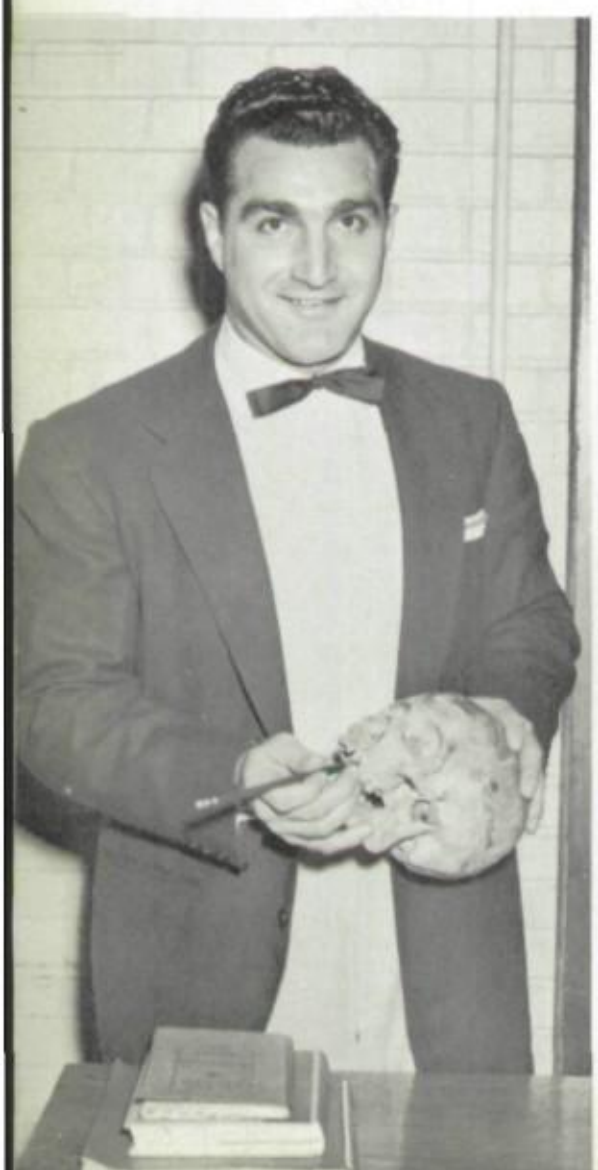
Assistant principal, Wallace Bower, is very interested in sports. At one time he thought he would try to study law, but decided to be a schoolteacher instead. He is a graduate of Muskingum College and Ohio State University.

Dollie Carson, a graduate of Glenville State Teacher's College, chose the teaching profession because she likes working with other people—especially her "struggling" shorthand students. In her leisure time, she enjoys reading novels, seeing good movies, and "just relaxing." She dreams of a long vacation with all expenses paid. She is an advisor of the Junior Y-Teens.

Reading,

Rudolph Crispeno joined Newcomerstown's faculty this year ..... a graduate of Indiana State Teacher's College. He teaches commercial subjects and one of his hobbies is photography.

John Crumley was graduated from Kent State University. He is director of the high school marching and concert bands and the high school choir. He teaches elementary music. Mr. Crumley produced a fine marching band this year and developed the playing ability of many students.



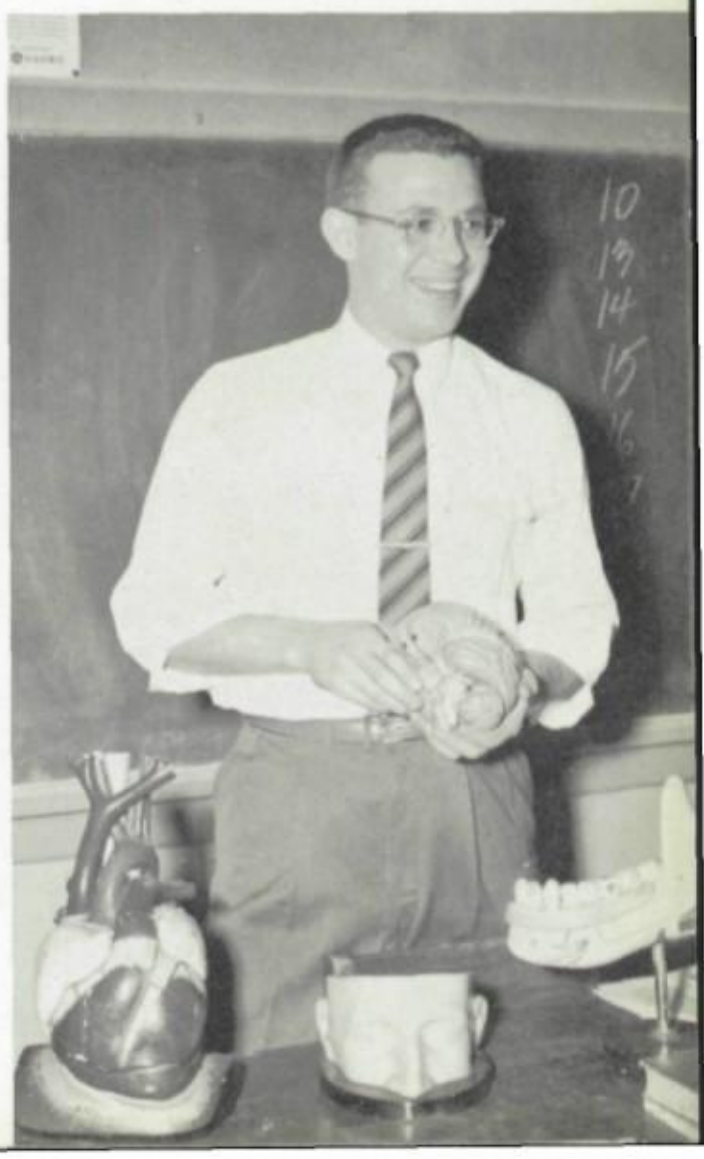
Fred DiDomenico planned to make a career of the Marine Corps but changed his mind. Now he teaches health, drivers' education, and physical education. He is the football and track coach. He is very interested in teen-agers and their problems. Football is his favorite sport.

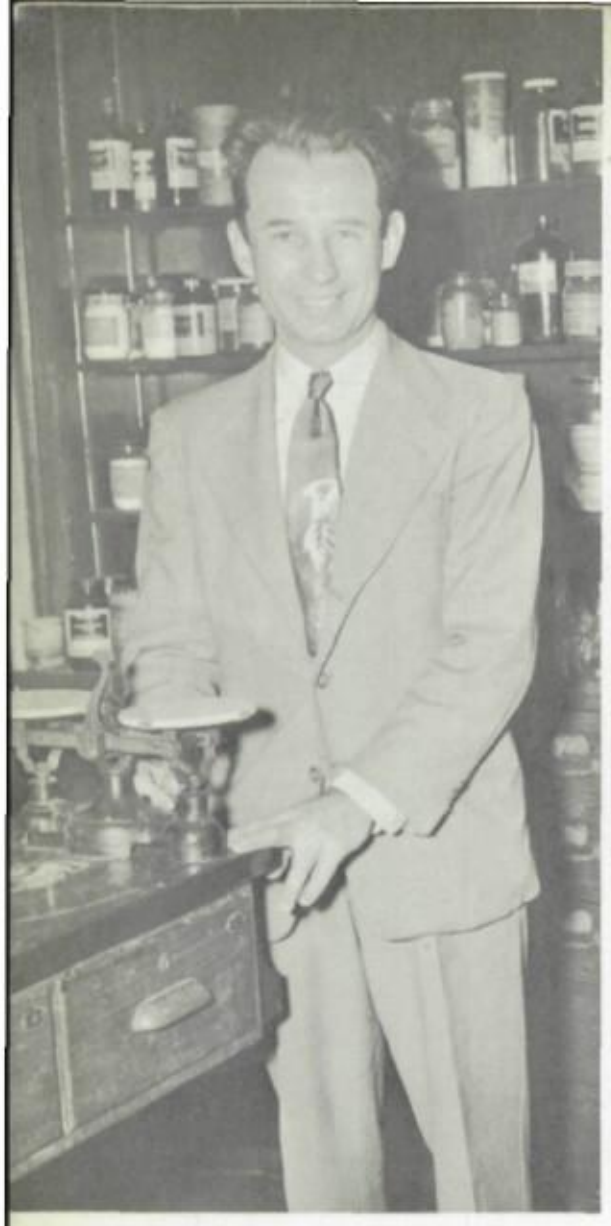
Reading,

Newcomerstown was and still is the first love of Chloe George—Latin and English teacher. She graduated from Ohio State University and attended the University of Wisconsin. She is advisor of the Junior Y-Teen Club. Her favorite hobby is fancy work.

Eleanor Doss, a graduate of Miami University, teaches elementary music in the mornings and language arts in the afternoons. Her hobby is music.

S. Robert Heffner—divides his teaching between biology, general science and math. He attended Clarion State Teachers' College, University of Virginia, and Ohio State. He is the Advisor of the Nature Club.

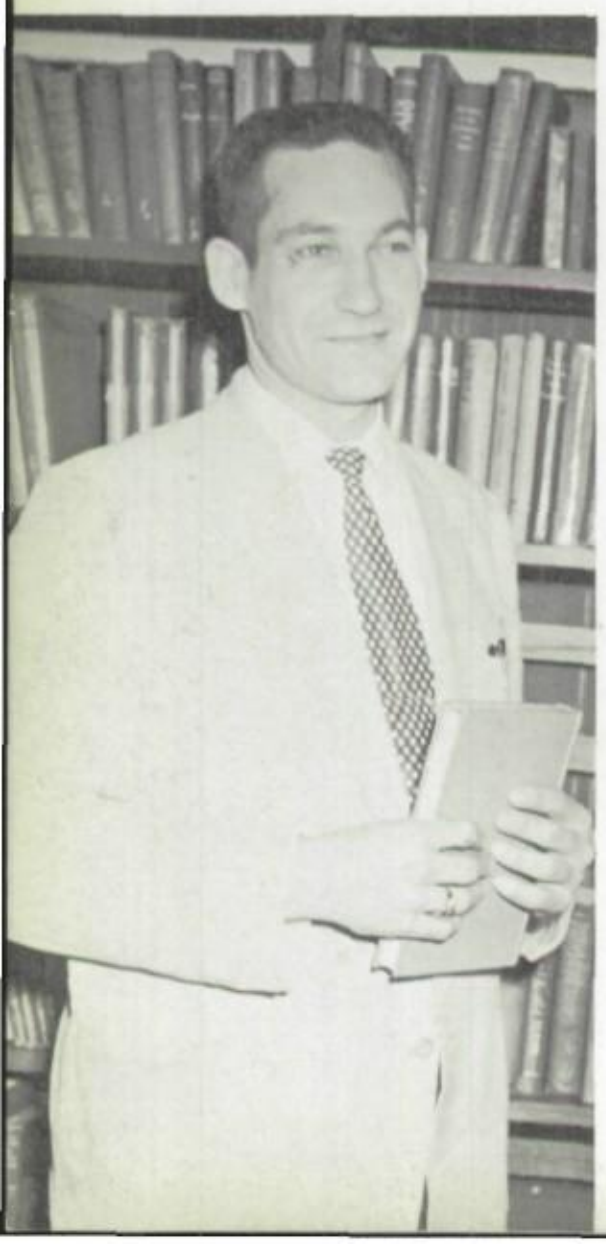




Writing,

Claude Hinds—the man who knows what makes the world and everything in it go 'round. He is able to transmit physics, chemistry, and advanced math into hard heads. Whether the subject is easy or hard for them, his students enjoy watching demonstrations and performing their own experiments. You can never tell what will happen next. He is the Advisor of the Projection Club and a graduate of Muskingum College. He also attended Ohio State University.

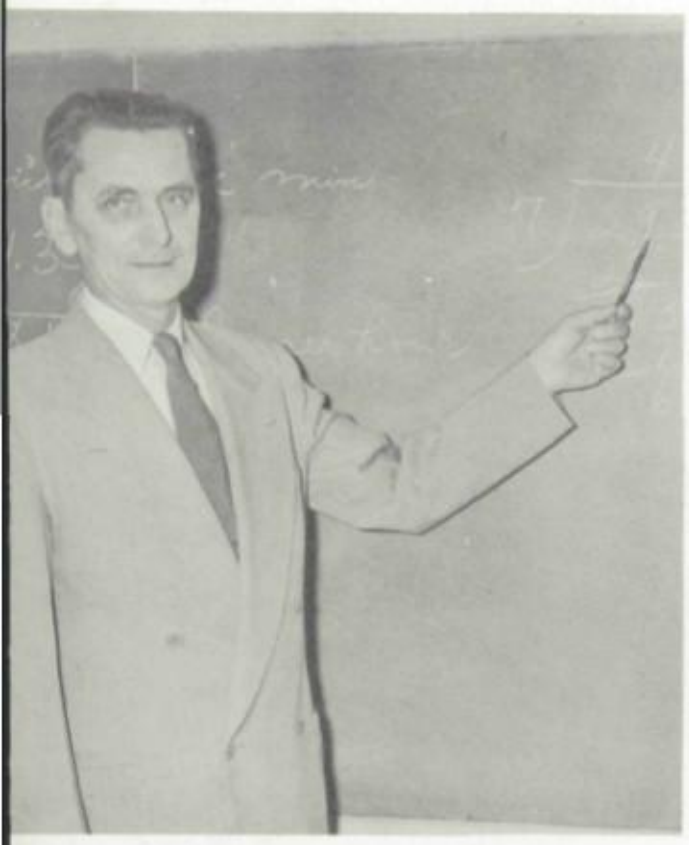
Basketball coach and assistant football coach, Floyd Hixon has a secret desire to coach his own baseball team. He hopes he will realize his wish this summer in Cleveland. He is a graduate of Ohio University.



"Joe College", sigh the girls as Robert Leonhard, geography, world history, and physical education teacher passes. Athletics are a major interest of this man. He is the Reserve basketball coach and baseball coach, and played basketball and football himself in his high school days. He is a graduate of Kent State University.

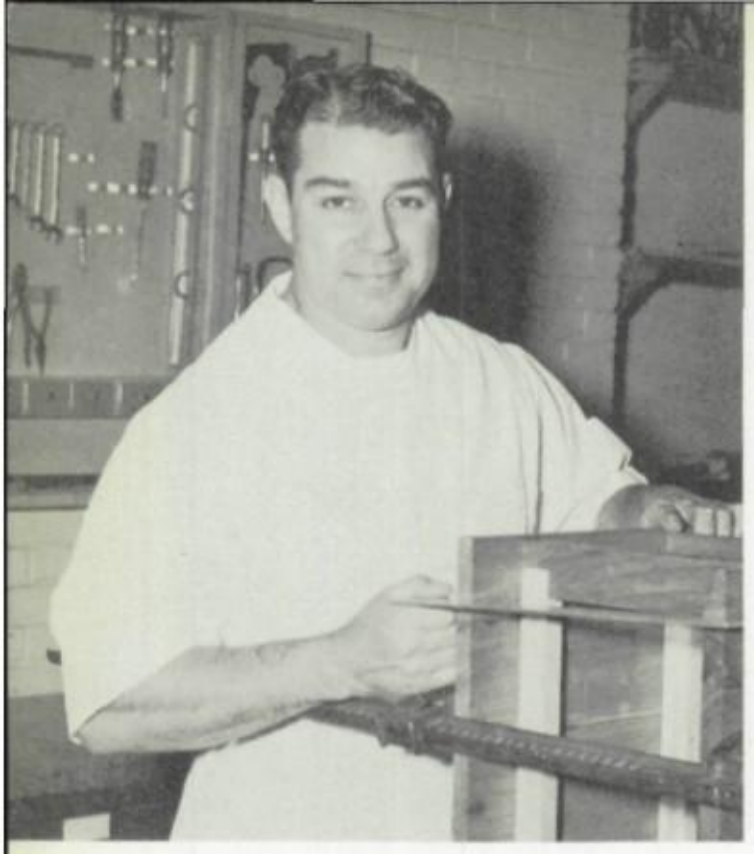
and Arithmetic

Ohio University claims as one of its alumnae Alwilda Phillips—teacher of English III and IV and Journalism. She is also advisor of the Senior Y-Teen Club. She believes sincerely in today's youth—they return her sincerity by believing in her.



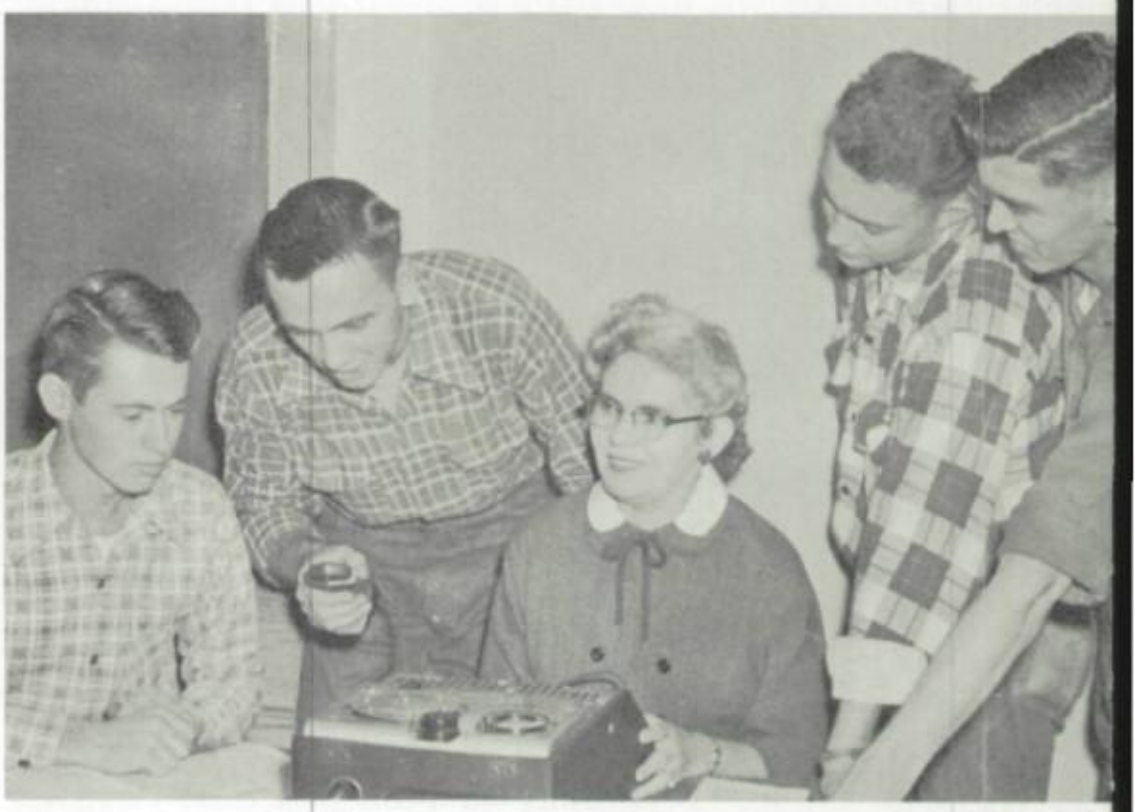
Earl Murphy, who is a farmer in his spare time, attended Kent State University and Muskingum College. He teaches math and language arts.

Clelia Mercer was graduated from Muskingum College. She teaches English, history, and is director of the high school choir. Her hobby is hand work.



We are made ready

Gene Riffle has been in charge of the industrial arts department for years. Shops were organized to teach skill in handiwork. Mr. Riffle is a graduate of Ohio University. He has attended Bowling Green, Ohio State, and Kent State Universities. He is the advisor of the Industrial Arts club.



Elizabeth Portz, our very able speech teacher, is a graduate of Muskingum College. Her hobby is reading . . . plays, of course. She is the advisor of the local Thespian Troupe. What would we do without her to direct our plays.

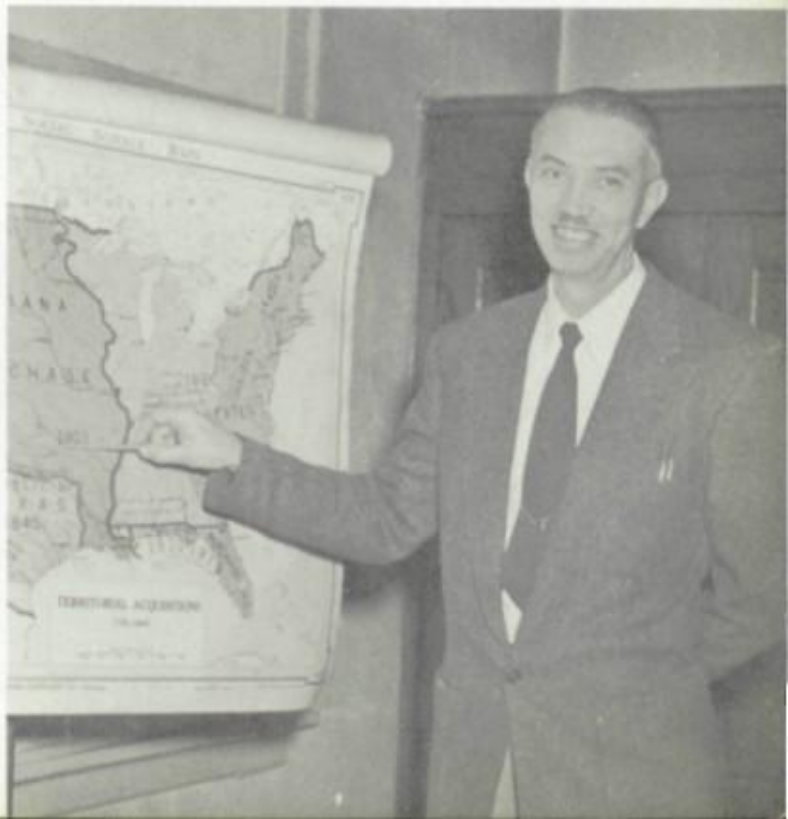
Living in a mild climate would be Alex Robertson's dream come true. He is Athletic Director. His main hobby is vacationing. One student remarks, "Robbie is sure a swell guy"; we echo the refrain. A graduate of Muskingum College, he's also advisor of the Future Teachers of America. He is one of the best liked teachers in N.H.S.

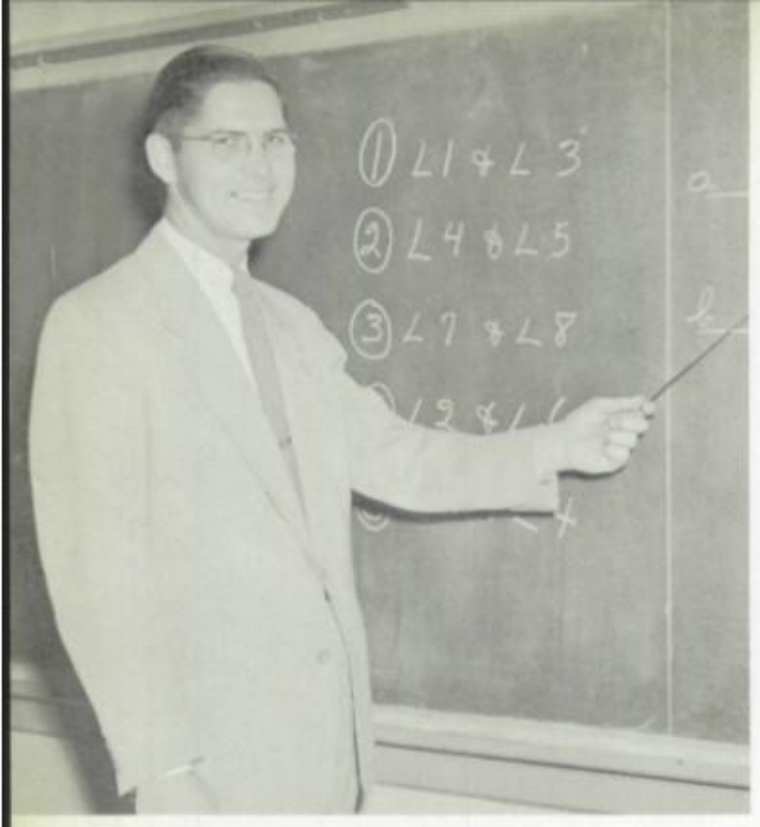
to face the future

Rachael Stoffer, who was graduated from Denison University, also attended Muskingum College and Duke University. She teaches language arts and music. Her hobby is reading.

Mary Swigert, a graduate of Otterbein College, teaches aspiring young girls the fine art of cooking and sewing. She is not only advisor, but a true friend to the girls. Her sunny disposition would brighten any kitchen. She is the advisor of the Future Homemakers of America.

Farrill Sharrock was graduated from Ashland College, and attended Kent State University and Muskingum College. He is a collector of American coins, antiques, and guns.





develop body and mind

Chemical engineering was the goal of Donald Wolff, a graduate of Whittenburg College, until geometric figures and algebra problems got in the way ten years ago. His favorite hobby is photography. He is the advisor of the Hi-Y Club.

Edna Powell was graduated from Denison University and Columbia University. She also attended the University of Wisconsin. Mrs. Powell is the visiting teacher.

Frances Titus, although she is not a regular teacher in our high school, is a great help in the library this year. She was graduated from Otterbein College.

health, food, transportation

Phyllis Geiser, the school nurse attends students who may have health difficulties. She is on duty every Tuesday and Friday. To her left is Mary Lou Grimm, the former school nurse. They are both swell people.

Mothers serving students at the cafeteria during the noon hour. The cafeteria serves all 12 grades, delicious, well-balanced lunches.

Here are the men that bring us safely to and from school. We are thankful for their carefulness with, and consideration for our lives.

and warmth, are vital to our education

Don Clark is our head janitor. He is a very energetic fellow and conscientious about his work. He is a friend to all. NHS has no better sports fan. We thank you, Don.

Gene Whyde is our assistant janitor. He comes at 2:00 in the afternoon and helps Don. We like to take this opportunity to thank Gene for helping to keep our school a cheerful place to study our lessons. Thanks, Gene.

GENE CALLENTINE

ECOL Team

Slow in finding his prowess, Gene came through this season with line bucking greatness. He loved to bowl them over ! !

TOM COKER

Always ready when needed and called on to do a job. Small but willing.

LARRY DANSBY

ECOL Team

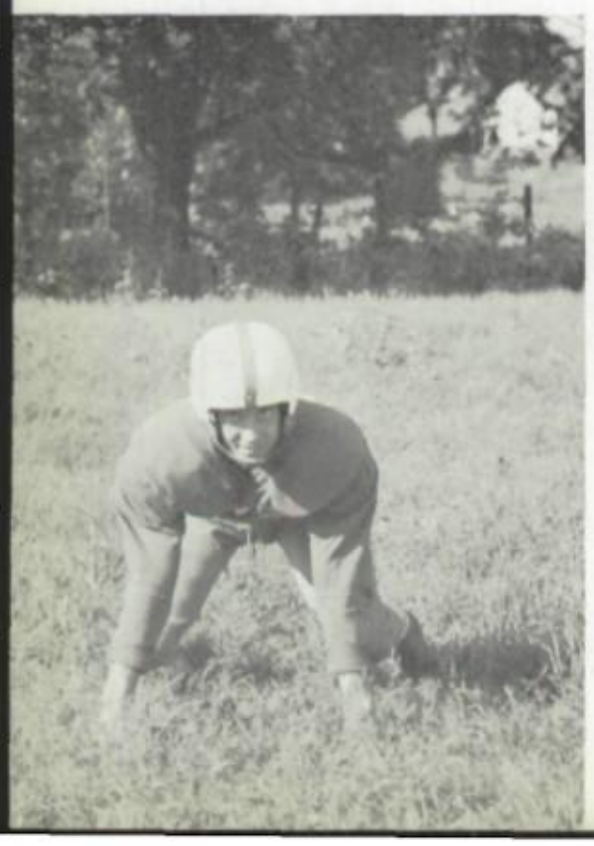
Lary lived up to all expectations this year as a Co-Captain and a stellar tackle: thus, hope "Shag" goes on to college ball.

Hit That Line!

NEAL DAVIS

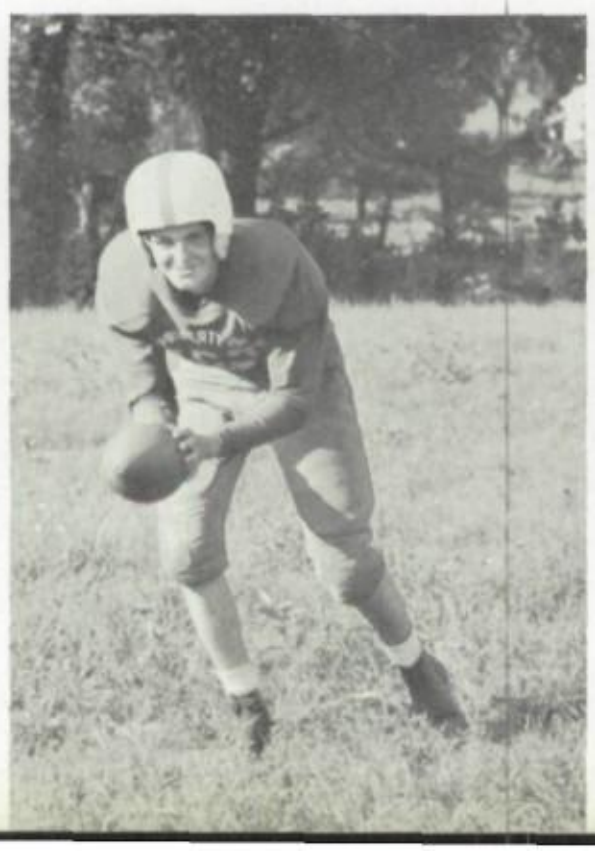
ECOL Team

Playing both offense and defense, Neal did a tremendous job accelerating our defense. He proved to be a leader.



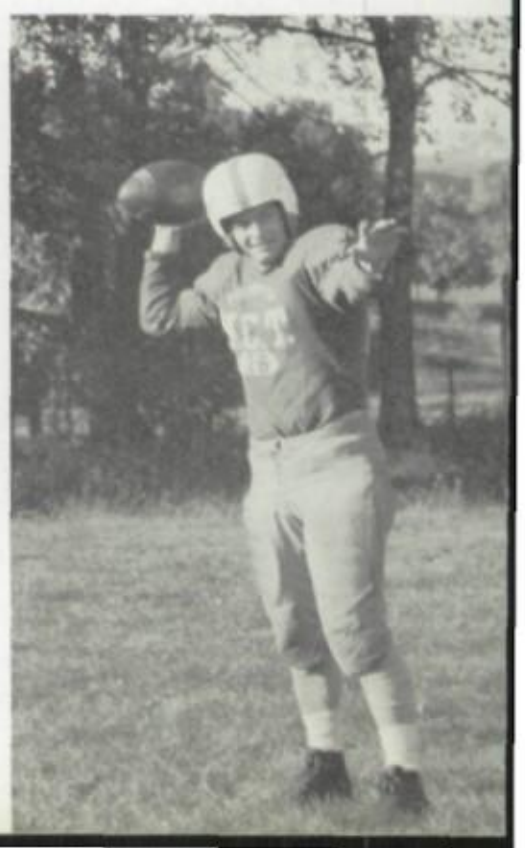
LARRY HANNAHS

Determination is 90% of football. Larry proved this time and again this season. His continuous effort paid off. Nice going Larry.



DUKE HELLER

A senior who has proven his capabilities as an outstanding team player. Working hard at all times to improve his specialties.



RONNIE WALKENSPAW

A co-captain giving the spectators many thrills and chills as he caught many passes and turned them into touchdowns. Butch will make some college a good end.

LARRY CHANEY

A "long one" and a lot of fight. Demanded a lot of respect for opposition and will be back another year.

DICK FAIRCHILD

Dick has done an outstanding job at tackle this year—he is one of the most improved players of the squad.

Talk Soft, But Hit Hard

MARSHALL JULIEN

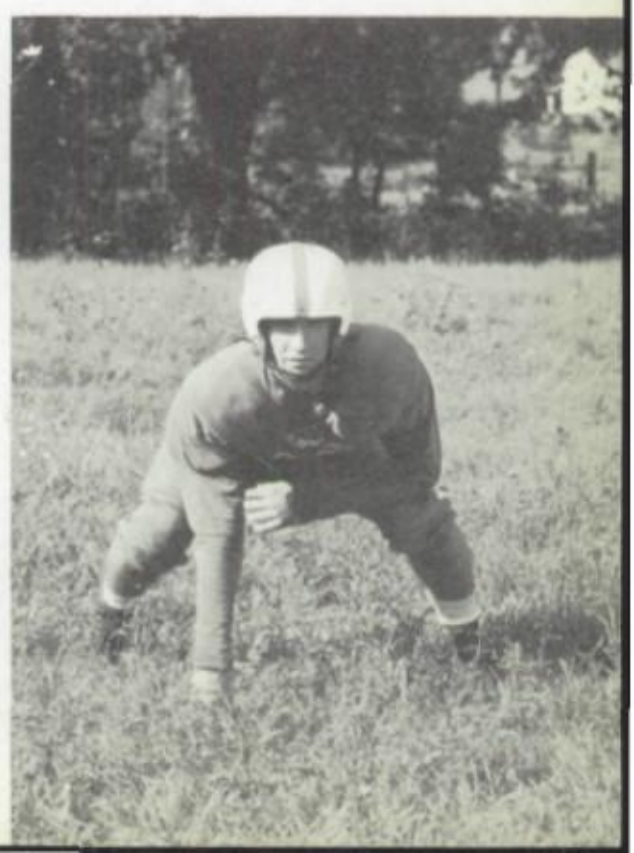
Lot of natural ability. With a little drive, he should become one of Newcomerstown's great backs. Hustle means a lot Marshl

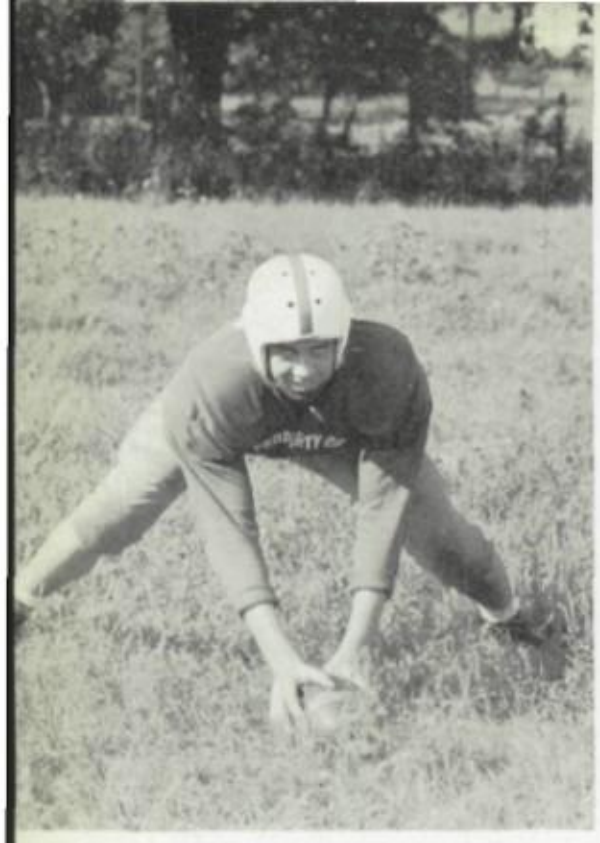
RONNIE LEHMAN

Everlasting effort. Can't put him out. Will see a lot of action again next year.

BOB MARSHALL

With two years behind him, and one more ahead of him, Bob should make a few opponents take notice of his capabilities. Let's go Bobl l





ROY MEEK

A junior with promise—with a lot of hard work and determination, Dutch could become a stellar center on the 1955 squad.

DAVE MILBURN

Fast and shifty. Injuries hampered him his sophomore year. Should really hit his peak next year.

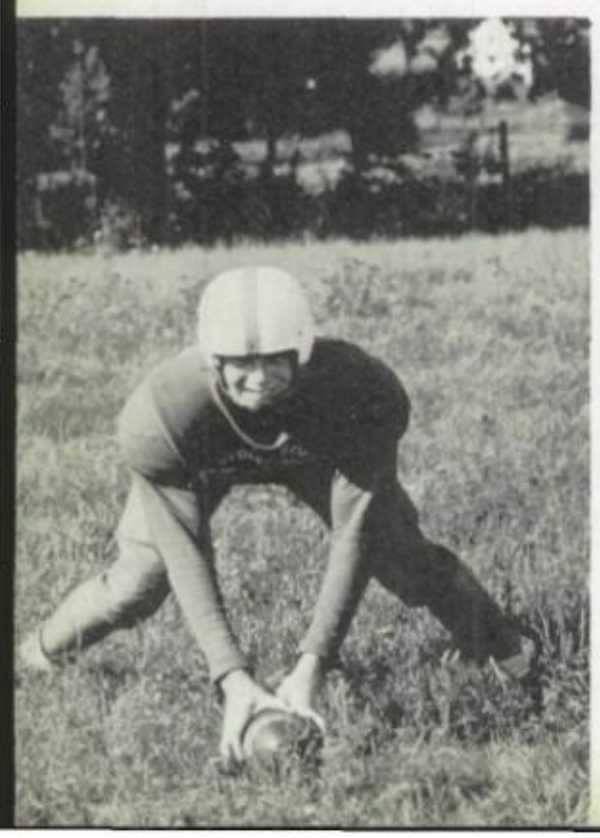
JACK SAYLOR

A need for more determined effort. Could become a fine defensive man in the future.

Get That First Down!!

FRED SEIBER

Slow in finding himself, but it is evident he will come into his *own his senior year.* He has a strong pair of "crazy legs."

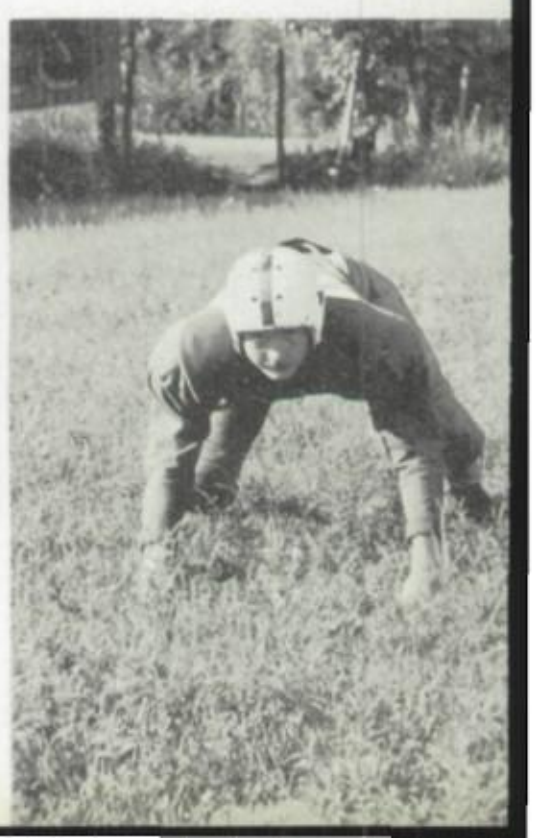


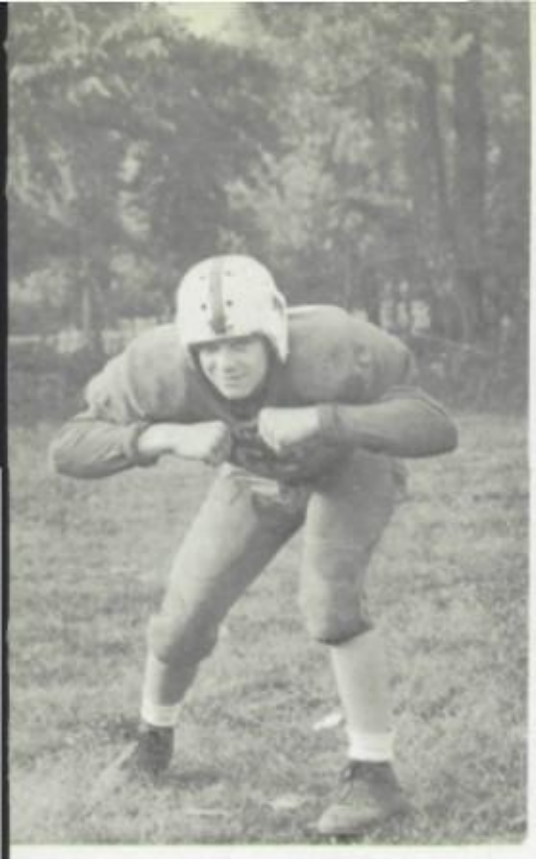
WALTER SCHAEFFER

Desires contact, never backing up from anything or anyone. Will see a lot of action on next year's team.

BOB TENNANT

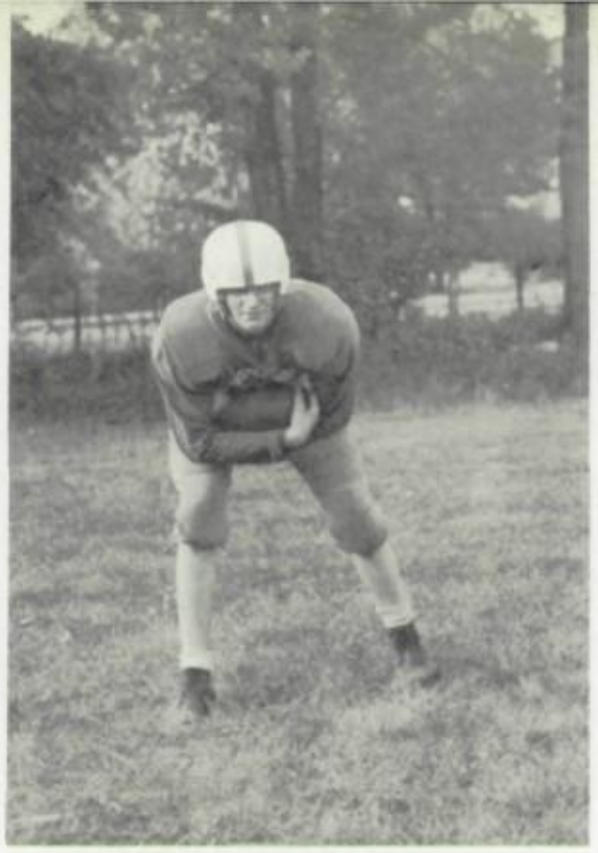
Bob's hard work and determination earned him the honor of both offensive and defensive duties. Plan on great things from Bob again next year.





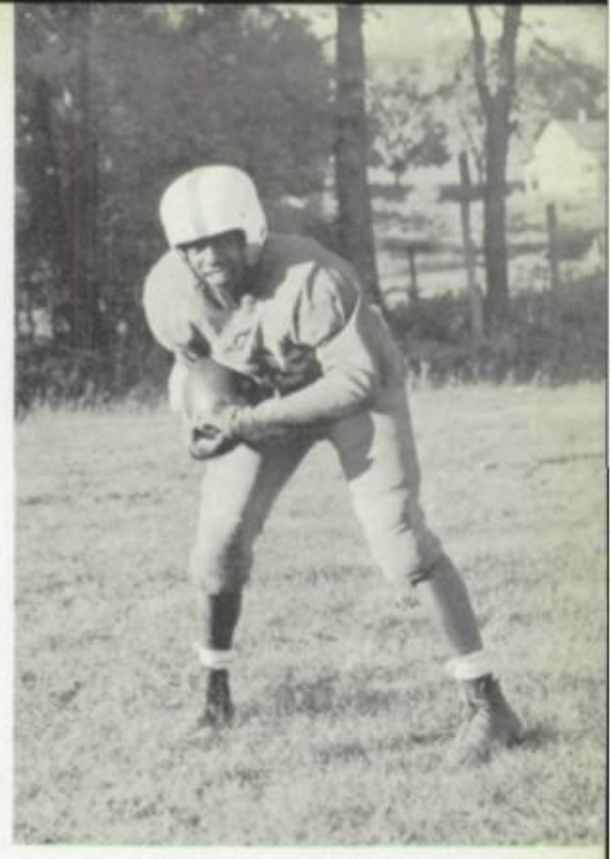
ROLAND WALTERS

Reporting to the squad later, "Role" became a prime factor in our offense as a center. With another year to go, he should be among the best.



PHILLIP ARTH

A sophomore with a bright future in football with some experience behind him.



VAUGHN FAIRCHILD

Slow starter, but came on as the season progressed. Tough as nails and a desire for contact.

Smack 'em Hard Gang!!

RONNIE FURBAY

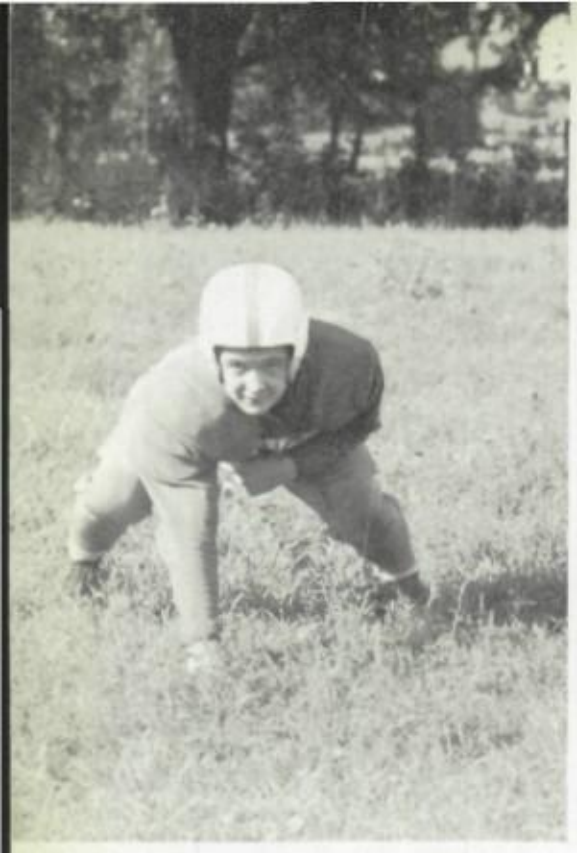
A sophomore who has shown promise both in practice and game situations. "Furb" will be a capable general in master minding play situations.

JERRY DANSBY

With the will to accomplish! Jerry can elude many a potential tackle, and could equal with Little's greatness.

ELLIS HUNTERSON

A lot of spirit and hustle. With two years ahead and continued effort, he should become a great lineman at Newcomerstown.



TERRY NORMAN

His second year of varsity ball, and only a sophomore. Terry can rank among the top at his guard position.

FRANK OLDT

Small, but determined. Next year should see Frank in a starting berth. He has the desire that a coach can't overlook.

BILL RUSSELL

Has little to say, but with more knowledge of the game could land himself a position on next year's team.

Let's Hear Those Shoulder Pads Crack Harder!

ROLAND SCOTT

Got over being Shag's tackling partner and started out on his own. Will be an asset at our future ball clubs.
